## Sponsors

We are very grateful to our race sponsors, Corkers Crisps and Advance Performance for their valuable support of our race this year. Runners will receive a packet of Corkers Crisps at the end of the race.

## Collection of Race Numbers

Race numbers and ankle chip are to be collected on the day in the Village Hall. **Please arrive in plenty of time, registration will close at 10.45am.**

Race numbers, timing chips and safety pins will be issued in the Village Hall Race HQ. There will be several issuing desks, each for a specific range of numbers. **Please go to the correct desk for your number and chip.** There will be a list of names and numbers posted nearby. To avoid delays to others, please do not collect your race number until you know what it is. On the back of your number there is a medical declaration which we ask you to complete before you pin your number on.

As per ARC Rules, please do not fold, cut or mutilate your number and pin it securely to the front of your vest. It must be visible at all times during the race.

If you wish to transfer your number, this must be done so before the 27<sup>th</sup> December 2019. Anybody found to be wearing a race in another person's name, without permission to do so will be disqualified. This is for your safety and to ensure compliance with insurance.

## Weather

The race will take place in all but the *very* severest weather; i.e. *dense* fog, or *continuous* sheet ice on the course, or if all access roads are *blocked* by snow. The weather forecast is available on [http://www.metoffice.gov.uk/weather/uk/ee/cambridge\\_forecast\\_weather.html](http://www.metoffice.gov.uk/weather/uk/ee/cambridge_forecast_weather.html).

## Medical

If you are feeling ill or have a medical condition that makes it unsafe for you to run, please do **not** do so. The emergency services are not for avoidable casualties. **Please ensure you complete the medical declaration on the back of your race number.** Hearts first aid personnel with a first aid unit will be in attendance.

### **Car Parking**

**This is a vital part of our race and it is vital we respect local residents and follow instructions of marshals. A separate letter will be sent to all entrants with all relevant parking information.**

### **Start**

The **Start is at 11:00 am** in Main Street, near to the school. Please assemble on the grass area in front of the school to avoid blocking the road where a race briefing will take place.

The briefing will be to remind all runners that this event is mainly on open roads. It is therefore imperative that all runners do not form groups when running and observe the highway code – This includes that vehicles have priority and should therefore be given that. You will also need to follow marshal instructions and take all necessary precautions to protect yourself from any risks. This includes not overtaking the lead vehicle, which if stopped will be for your safety. Anyone who overtakes the lead vehicle will be disqualified.

About ten minutes before the start, Main Street will be closed to traffic and you will be asked to form up in the road. After the start the road bends left and you are reminded that you **MUST KEEP TO THE NEAR SIDE OF THE LEFT LANE OF THE ROAD** so that it is safe for traffic to overtake.

### **Finish**

The last part of the race is round the back of the village to the **Finish** on the path behind the recreation area and school.

### **Time Limit**

There is a **1 hour 15 minutes** time limit after which remaining runners will be picked up by the 'Sweep Vehicle' unless close to the finish. Marshals and first aid will be stood down soon after this time and race entrants who choose to continue will not be protected by the race insurance. We impose a time limit to ensure the safety of our marshals and volunteer staff and medical teams.

### **Running with PRAMS and DOGS**

For the safety of all runners we have made the decision this year that running with prams and dogs is unfortunately **no longer permitted**.

### **Wheelchairs**

Due to the time of year, the race is not suitable for wheelchairs and they are **not** permitted.

### **Audio Equipment (mp3 players and iPods etc)**

***The use of all audio equipment and/or wearing of headphones/earphones is NOT permitted during the race.***

You risk disqualification and may prejudice the liability insurance cover provided to you for this race if you do so. Audio equipment with earphones seriously inhibits the user from hearing traffic approaching from behind and safety instructions from marshals.

**Runners wearing headphones/earphones during the race will be disqualified.**

### **Road Closures**

For the safety of runners roads have been closed from the start of the race on Main Street up to the first left turn into Lawn Lane only. For the remainder of the race all roads remain open to traffic and runners must exercise due care.

## Course

The one lap rural 10k course follows all left hand bends except near the end. It is flat except for a gentle descent soon after the start and a slight climb at 8.5k. The course is very exposed outside the built-up area. All competitors must keep to the left side of the road

## Timing

Results this year will be chip timed. Prizes are awarded on the finishing **gun** time.

## Bagpiper!

To ensure tradition, our lovely bagpiper will be back in full swing to serenade you at the start and around the 9k mark (at the top of the incline!). Give him a wave and maybe a jig at the top!

## Finisher's Ale

All finishers will receive a packet of Corkers Crisps and a bottle of traditional British ale, of which there will be assorted types from different breweries. There will be a non-alcoholic drink alternatives, which are obligatory for finishers under 18 years of age.

**Please take just one bottle of ale/soft drink and once taken please do not return to the beer/crisp table so as to avoid confusion for the marshals and impede recently finished runners.**

Finally, we ask for your support, to keep The Village Hall free of mud. Runners are politely requested to remove their post-race muddy shoes before entering. And let's make this the best NYE10k we have had – high five a marshal, shout a big thank you and cheer on your fellow runner – Happy new year!!

Thank you for your understanding and for supporting the race, above all, have a great and safe run!
